

PLANER WITH HYDRAULIC SCARIFIER

FEATURES:

- The Planer with Hydraulic Scarifier connects easily to any skid steer, or compact tractor loader with a universal mount plate
- This aggressive, multi-purpose, affordable leveler is the perfect solution for site preparation
- It cultivates, cuts, peels sod, sifts out debris, grades and levels
- Equipped with hydraulic scarifier teeth this unit can effectively cut in the hardest of soil conditions
- Its bi-directional cutting edge allows the operator to work in forward or reverse and is an excellent solution for moving material while saving time and labor
- Unit is 78" wide and is heavily constructed to ensure worry free operation
- The sloped mount design allows for easy hook up to skid steer and excellent visibility.
- Planer is equipped with two 1/2"x 6" cutting edges and has 6 scarifier shanks cut from T-1 steel
- Durable paint finish
