

SEEDER

FEATURES:

- Built for skid steers & compact tractors
- Comes standard with a universal quick attach system AND a 3 point tractor hitch
- Precision seed placement can cut up to 50% of the seed rates previously used which leads to huge saving in grass seed
- The Seeder is a bi-directional seeder, is built to handle all turf and landscape seeds
- Front rollers crushes lumps, presses down small stones and forms a firm seed bed
- Polyethylene blade type agitator is impervious to moisture and is built to provide many acres of reliable seed metering
- Notched rollers place most of the seed at a depth of 1/2"
- Large 4.5 bushel three compartment seed box decreases down time for refilling hopper
- Heavy duty construction
- Durable charcoal paint finish

Seeder leveler controls proper amount of seed released

The seed box utilizes a newly designed blade type agitator.

Polyethylene blade type agitator is impervious to moisture and is built to provide many acres of reliable seed metering
