

Scarifier Shank and durable, easily replaced Scarifier Teeth

Easy-to-Read Depth Gauge

The Adjustable Hitch, allows you to match the height of your pull vehicle.

Use with a Tractor, ATV or UTV.

FEATURES:

- The Conterra Arena Rake is designed to be pulled with an ATV, UTV, Garden or Compact Tractor.
- The Conterra Arena Rake is designed for all arena conditions, from sand to sandy-loam and hard packed soil.
- The Rake scarifier shanks are designed at an angle to continually pull the groomer into the ground in even the hardest arena conditions.
- Conterra's Revolutionary Depth Control System allows you to adjust your Arena Rake, grooming your entire arena at the same pre-set depth every pass.
- The cutting depth and Arena Comb are both easily adjusted using our heavy duty 5000lb Top and Side-Wind Jacks.
- Depth Control can be adjusted between 0" and 5" and is monitored by an Easy-to-Read Depth Gauge.
- The adjustable front hitch is easily changed to meet the hitch height of your pull vehicle.
- Scarifier Shanks are laser cut from 3/4" steel plate and fitted with easy-to-change bolt-on Scarifier Teeth made from hardened steel.
- The extremely durable Arena Comb is laser cut out of hardened 3/8" plate steel.
- Engineered with a heavy duty tubular frame, constructed out of 1/4" and 3/8" steel for years of dependable service.
- Fitted with two premium quality wide floatation tires and easy lube hubs.
- Conterra's Arena Rake is available in three sizes, 52", 64", and 76" wide.
- Powder Coat finish.

Model	Recommended Power	Comb Width	Length	Scarifier Teeth	Weight
