

Front View:

Front Floater Bar, Overlapping
S-Tines and Rear Arena Comb.

Danish Style S-Tines with
easy-to-change 7"
Cultivator Sweeps.

Independently Operated
Arena Comb.

FEATURES:

- Efficient and effective arena maintenance for tractors with a 3-PT Hitch.
- Designed for use in sandy or sandy-loam soil conditions with a focus on top dressing and superior subsurface preparation.
- Conterra's Revolutionary Depth Control System allows you to adjust your Arena Shark, to groom your entire arena at the same pre-set depth every pass.
- Depth Control can be adjusted between 0" and 5".
- The Front Floater Bar works in conjunction with the Top-Wind Jack depth control, and automatically adjusts to arena conditions for superior floating and levelling.
- Danish Style S-Tines are equipped with easy-to-change 7"-wide sweeps and are positioned to overlap, leaving an excellent subsurface.
- The Arena Comb is easily adjusted using the Side-Wind Jack, it floats, levels and packs your arena leaving a fresh finish every time.
- The extremely durable Arena Comb is laser cut out of hardened 3/8" plate steel.
- Engineered with a heavy duty tubular frame, constructed out of 1/4", 3/8" and 1/2" steel.
- Fitted with two wide floatation tires and easy-lube hubs.
- Conterra's Arena Shark is available in three sizes, 76", 88", and 112".
- Durable Paint Finish.
- Options: Can be fitted with a wall wheel.

Model	Recommended Power	Comb Width	Length	Scarifier Teeth	Weight
CAS 76	18 - 25hp	76"	65"	9	1012lbs
