

Gravity-Fed Water Kit

FEATURES:

- Available for the Conterra Arena Rake, Conterra Equi-Groomer, Conterra Arena Max-X2, and the Conterra Arena Shark
- Size depends on your Conterra Arena Groomer.
- Easy to install and can be purchased at a later date than your groomer. Or can be purchased at the same time. Water Kit will be installed prior to shipping.
- Water is dispersed in front of the arena rake or groomer to work the water into your ground.
- Control the water flow on a scale of 0 to 10 from low flow to high flow, depending on your watering needs.
- Gravity fed, a PTO drive is not required.

One Handle to
Turn Water
Off and On.

A Second Handle to
Manage Water Flow.
